YEAR GROUP HIGHLIGHTS

Here's a look at what our children have been enjoying this week...

Reception

Reception have been having lots of fun exploring the garden in the lovely autumn weather before the winter chill arrives! We've been climbing trees, splashing and playing with water, and getting creative in the mud kitchen. There's been lots of exploring, imagination and outdoor fun! 🪵💦 Making the most of every last bit of autumn sunshine! 🍂☀️

Year 2

Year 2 went outside to collect leaves for their maths investigation. They had a challenge to find the best leaves they could. Once they were back inside they used their leaves to measure them. These measurements were placed into a Venn diagram. Everyone did such a good job.

Year 4

This week Year 4 have been looking at persuasion. We are using our class text to create an advert to persuade people to go to Abdul Kazam's magic show. The children love exploring and using persuasive techniques.

Year 6

Year 6 have been learning about different drawing techniques and have studied the art of Michael Carroll. We experimented with sizing of objects and placing them in the foreground or background to see the effect. We have some very talented artists in class.
